

# Customer Comments: German Courses

The best school to learn German in Liechtenstein. They have a very innovative and flexible learning system that combines creativity and professionalism. You can also take the official German exams at every different level - from beginners to advanced.

The teachers are highly trained and always make sure they provide a dynamic and entertaining classroom. What I enjoyed most at EFFECT was that you do not only learn a language, you also have the chance to learn about the local culture. They go above and beyond helping you make your integration a bit easier and it is a wonderful place to meet new friends.
